Dorothy Harmon supervises the Girls' Department.

Upon arrival, students are assigned to dorms where they are then given room assignments.

This year, two female instructional aides worked in the young men's quarters as "moms" to get the guys up, to breakfast, and then off to school on time.

Attendants are on duty around the clock in the dormitories. Students do their laundry and also have detail in keeping their quarters clean and neat.

New furniture for the boys' department was late in arriving.

People of Different Cultures

Arriving, unpacking, and getting room assignments, is serious business for everyone concerned.

Good Health is Always Emphasized

The PHS Clinic at Stewart is open in the mornings before school begins, at noon, and again after school, so that students can be treated without missing too much of school.

The staff included Psychologist Ron Willis, the director; Pat Arnold, Public Health Nurse; Beatrice Allen, nursing assistant; Dr. Don Robertson, dentist; Anna Montoya, Dental assistant; and Jean McNicoll, clerk.

at Stewart Indian School

This year, the clinic added two new employees. They were Rodger Kochamp, Vehicle operator and Priscilla Atencio, Dental Assistant trainee.

Dr. Winikon from Reno was contacted to do the athletic physicals. The Schurz physicians this year were Stan Hurst and Tim Byers. Al Miller was alternate one day per month, primarily to follow up a chronic illness.

Students do all the serving at each of the meals.

Three Meals are Served Daily

FOR THE color page in this year's annual, the staff selected Betty Duryea, left, riding a horse with her escort. Terry Encinas, when she reigned as Miss Stewart Indian Festival of 1974.

Sixty band uniforms of red and white arrived in the fall for as many students to wear, but they were not able to pose for the picture.

Because it was their last year as cheerleaders, the Varsity squad was selected for this book.

Standing: Virginia Chee, Edith Yazzie and Norma Johnson. Top: Cynthia Varela and Lydia Brooks.

The top picture on the right is the Stewart song and dance group known also as "Pom-Pon Girls."

Left to right: Alvera Valisto, Rose Lazelere, Miranda Dutchy, Louise Little, Denise Billy, and Charlene Benjamin.

VARSITY CHEERLEADERS have served the school for several years, adding color and spirit at pep assemblies and ball games.

A few students remain on campus during the summer to bale hay and take care of the animals at the school ranch. Horses are used in herding the cattle.

Heavy Equipment is Used to Build

Instruction is given at the school ranch in such vocations as agriculture, mechanics, cattle ranching, and heavy equipment operations.

The equipment and facilities, which include a herd of whitefaced cattle, are used in providing practical experience of "on-the-job" training.

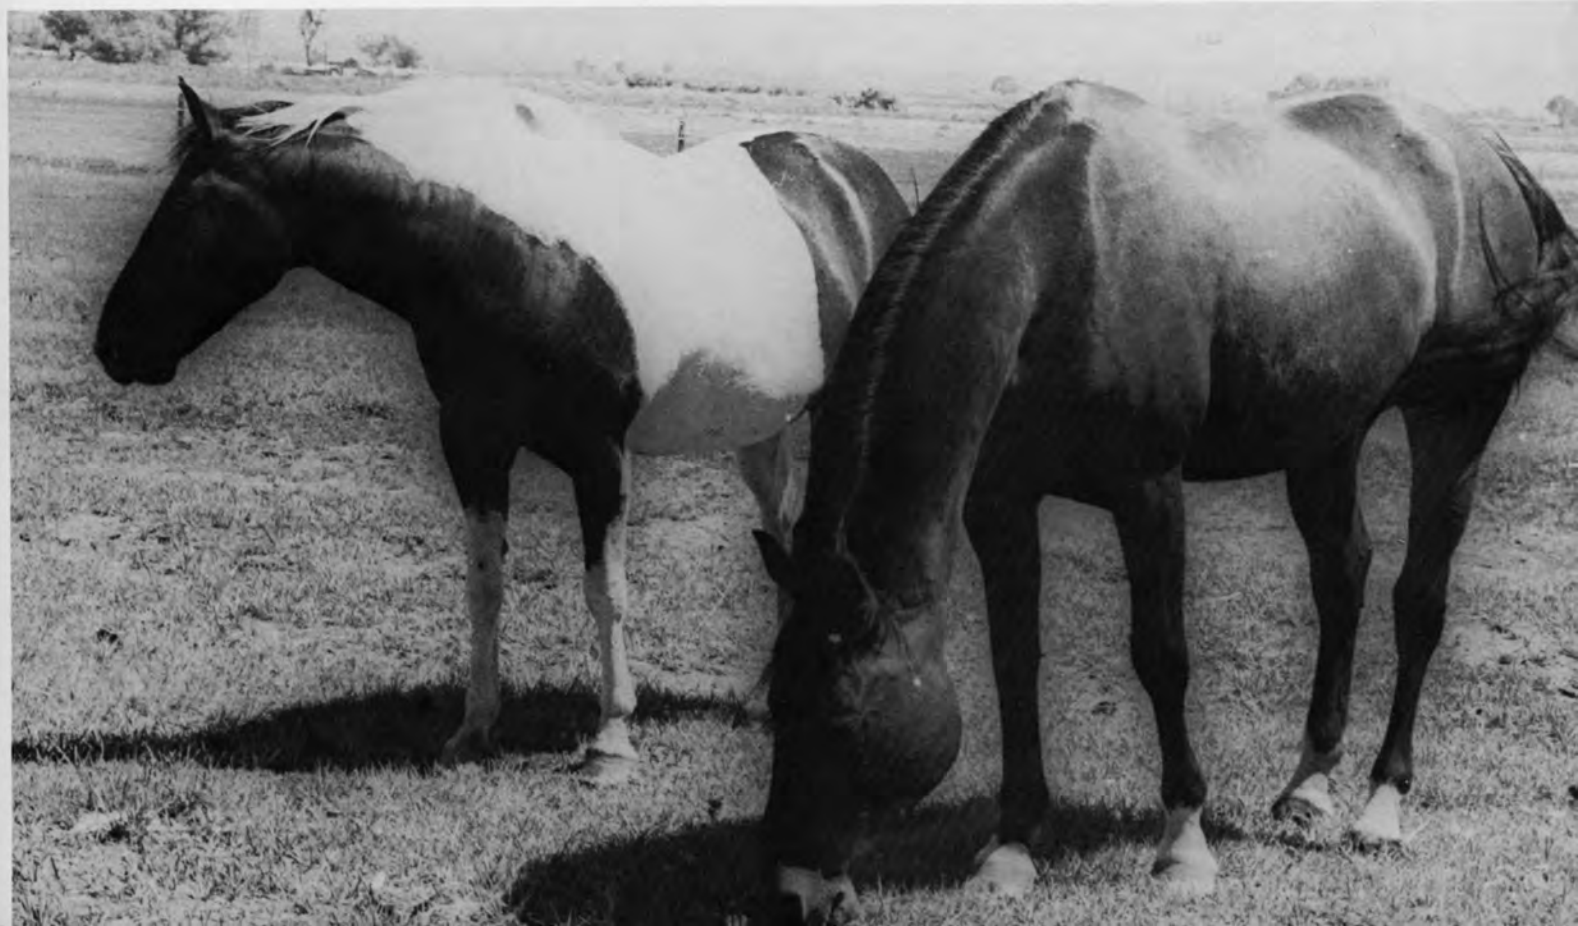

Students are in training for a length of three periods daily in the above vocations. Most of the graduates from the ranch vocations attend post graduate training centers where they receive advanced vocational training and job placement.

Alfalfa is raised to feed the herd of whitefaced cattle which in turn provides beef for the students.

Classes at Stewart Indian School

Vocational training has been the main objective throughout the years at Stewart Indian School. The six major specific areas include food service; health service; ranching and operation of heavy equipment; vocational shop; and

media training; along with remedial and academic courses that make up the total curriculum for those students who may or may not further their education in college or trade schools.

Cup cake, anyone?

Provide a Variety of Possible Vocations

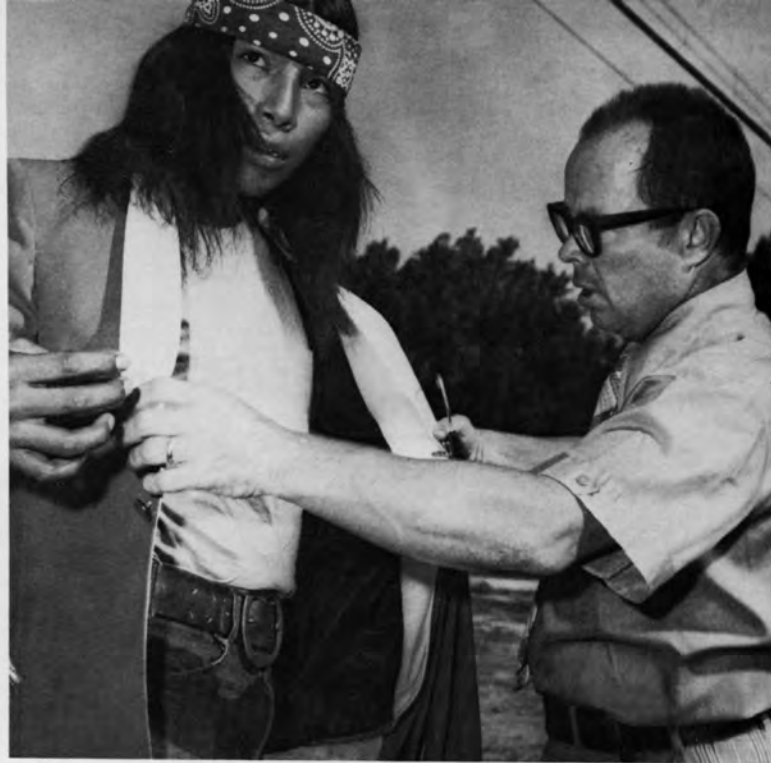

Since vocational training is the main objective at Stewart Indian School, films, field trips, guest speakers, and other student oriented activities are emphasized daily.

This year the Title I Learning Center was enlarged to include two full time teachers, plus several aides to help enable students with learning difficulties to succeed.

RAY BRANDENBURG, social worker at Stewart, was killed in an automobile accident while he was enroute to Sacramento, Calif. to see his dentist. Brandenburg came to Stewart in the summer of 1970.

STEWART'S BAND received 60 new uniforms at the beginning of the 1974-75 school year. They wore them first in the Nevada Day parade.

Employees and Students Made the News

SKATES were purchased by Student Council for students this year. Some had trouble remaining upright and one girl, Marilyn Myron, broke her leg.

MARY HOWE, Mojave senior, spent the summer of 1974 in West Germany on a grant from the Youth for Understanding Program.

DAMON CLARK IS CONGRATULATED by his baseball coach for being named outstanding athlete of the year. In addition he received a \$500 check from employees at Harvey's Casino, Lake Tahoe, to be used as a scholarship.

RALPH HART, math teacher, wrote arithmetic skills booklets which are being used in the math center. He received an Achievement Award from Phoenix Area Office.

for Many and Various Reasons

CLAIRE MANNING, former Stewart teacher aide, became Miss Indian America.

CYNTHIA VARELA YOKUT, senior, spent the summer of 1974 in Denmark as a delegate from the American Field Service.

LIONEL HARNEY was named Outstanding Boxer at the spring sports banquet. He and one other went to the national contest.

Seniors' garbage included the Freshmen. The Freshmen were dressed in all kinds of ways. They were auctioned off as slaves to the seniors and had to obey every ridiculous rule their "master" made.

Later, they cleaned the campus, played different games and did all kinds of crazy stuff on Freshman Initiation day held Oct. 7.

Then they had to shed old clothes and clean themselves of ketchup, mustard, and tempera paint.

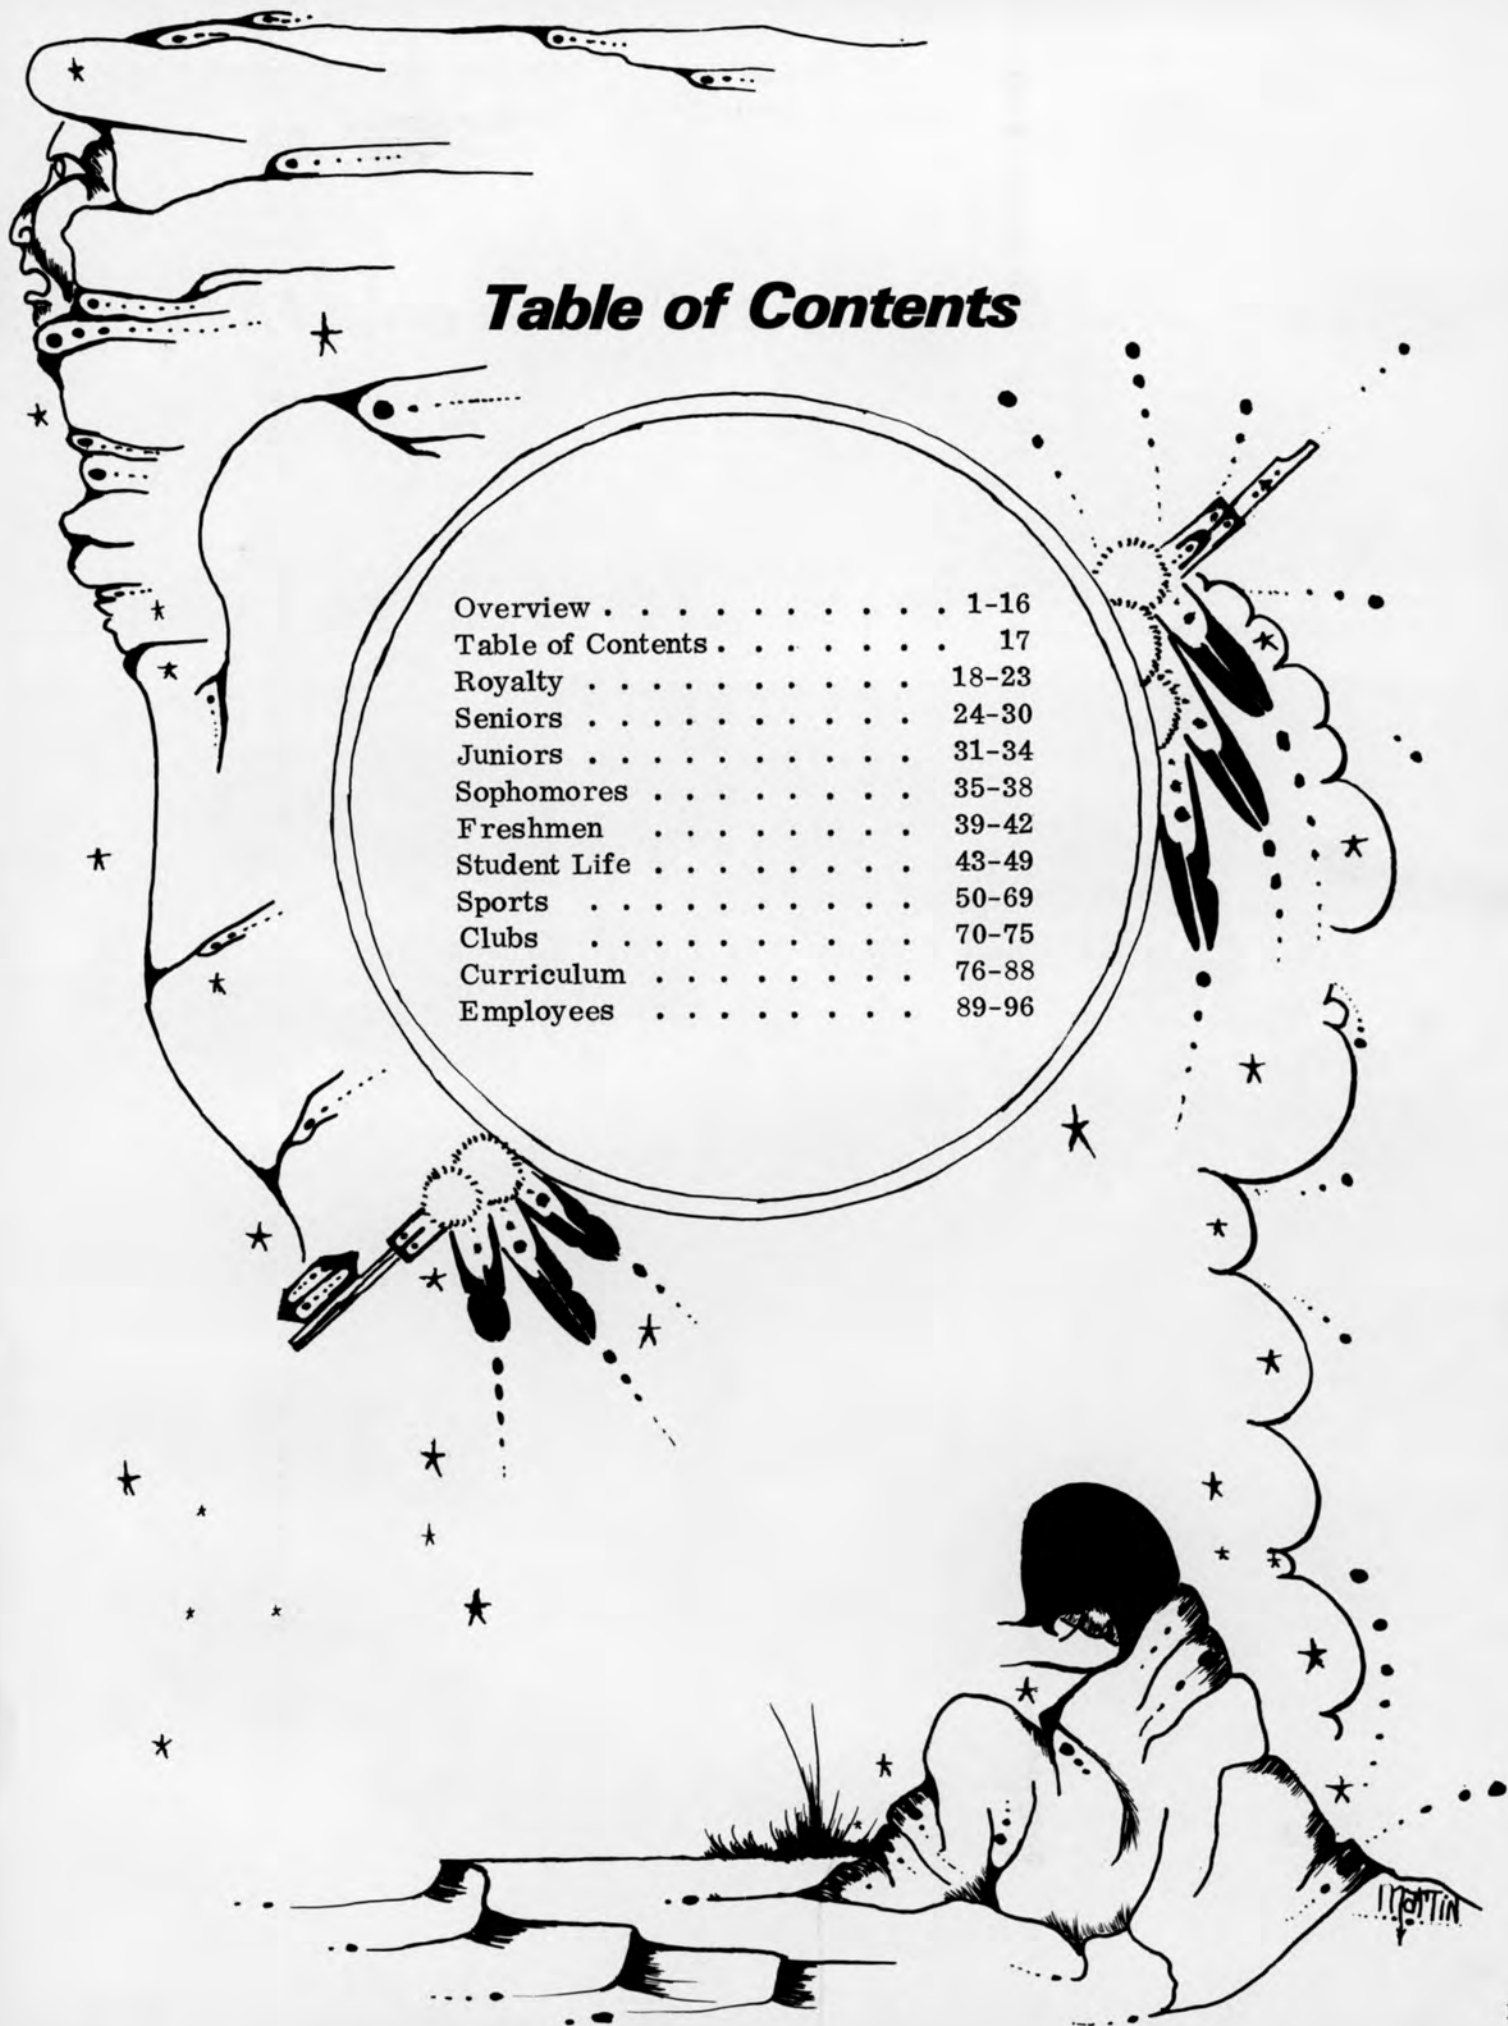

Freshman Initiation was Crazy, Man

It was a field day for student photographers Oct. 7, for every Freshman insisted on having his picture made.

Mr. and Miss Stewart Rode on a Float

Mr. and Miss Stewart were nominated in an all school assembly and voted on by the students the next day.

Spencer Benson and Cynthia Varela were the winning candidates.

On Nevada Day, which is held Oct. 31, Mr. and Miss Stewart rode on a float in the annual parade. There were other entries in the parade from Stewart which included the Papago Indian club and the Northwestern Indian club who rode on a float also.

The parade in 1974 was a wet sight! It rained all during the parade and many of the floats fell apart before the parade was over.

It was fortunate that the "Indian" style always seems to look neat. The high hair dos and curls ended up packed to the heads of most of the girls from Stewart but it was fun while it lasted. All in all, it was a very exciting and different parade in 1974.

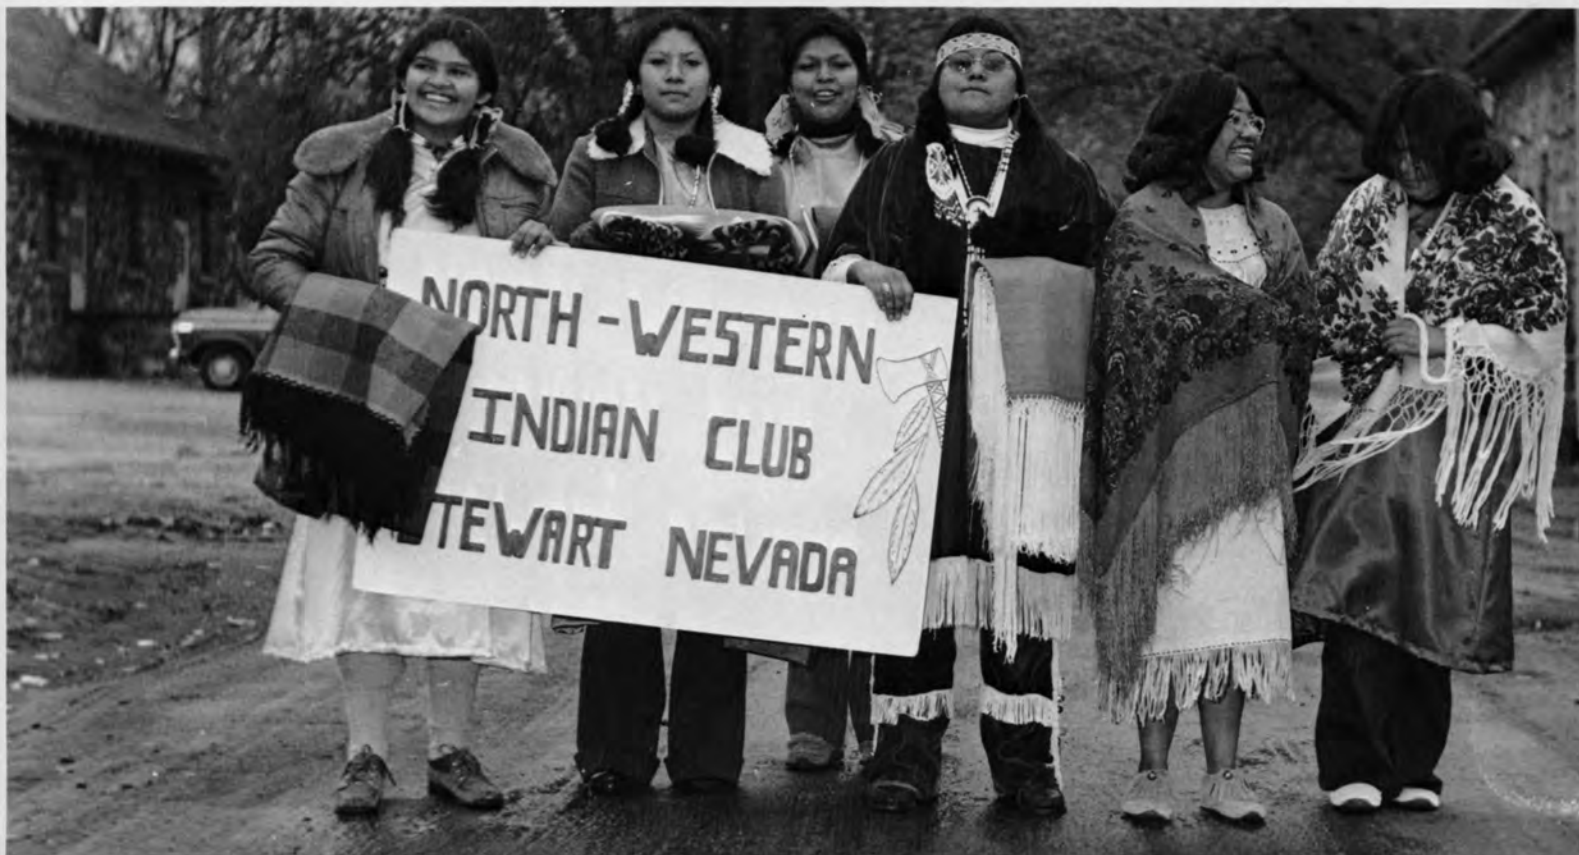

So Did the Northwestern Indian Club

NORTH WESTERN INDIAN CLUB--sponsored by Loren Sammaripa, prepared a float for the Nevada Day Parade, but these girls were caught enroute

to get on the float. Left to right: Christine Oppenheim, Maryetta Cortez, Rena Tibbetts, Helen Dave, Augusta Garrison and Addie Stevenson.

MIRANDA DUTCHEY, a Washoe from Gardnerville, Nevada was crowned football queen by Captain Spencer Benson.

Homecoming Was

HOMEcoming was different in 1974. It fell on Nov. 1, the day following the Nevada Day Parade when it rained and everybody got soaked to the bone. With band uniforms still dripping, they were unable to appear at the homecoming game in uniform.

BRAVE souls who did attend the game were wrapped in blankets to keep out the wind and rain. AND AT LAST, the Braves scored. Two touchdowns, in fact, against White Pine, but they lost the game.

Mirandy Dutchy, who had been named football queen by the players was crowned that night just before the homecoming dance which Flash and his rock band dressed up like Halloween.

ATTENDANT Candace Varela, freshman,
escorted by Charles Santos.

ATTENDANT Victoria Leonard, Junior,
escorted by Max Morgan.

ATTENDANT Shirley Garcia, sophomore,
escorted by Dennis Yazzie.

Somewhat Different this Year

The Band Marched in New Uniforms

MUSIC is alive at Stewart Indian School. In two years, the band has grown from 13 to 64 members under the direction of Richard Martin. Sherman Indian School transferred a number of instruments to Stewart this year.

FOR the first time ever, the Stewart Band received a "First" rating from the Northern Nevada Music Educator's District Festival Adjudication in the spring of 1974.

NEW band uniforms helped the students play and march with dignity and pride in the Nevada Day Parade Oct. 31.

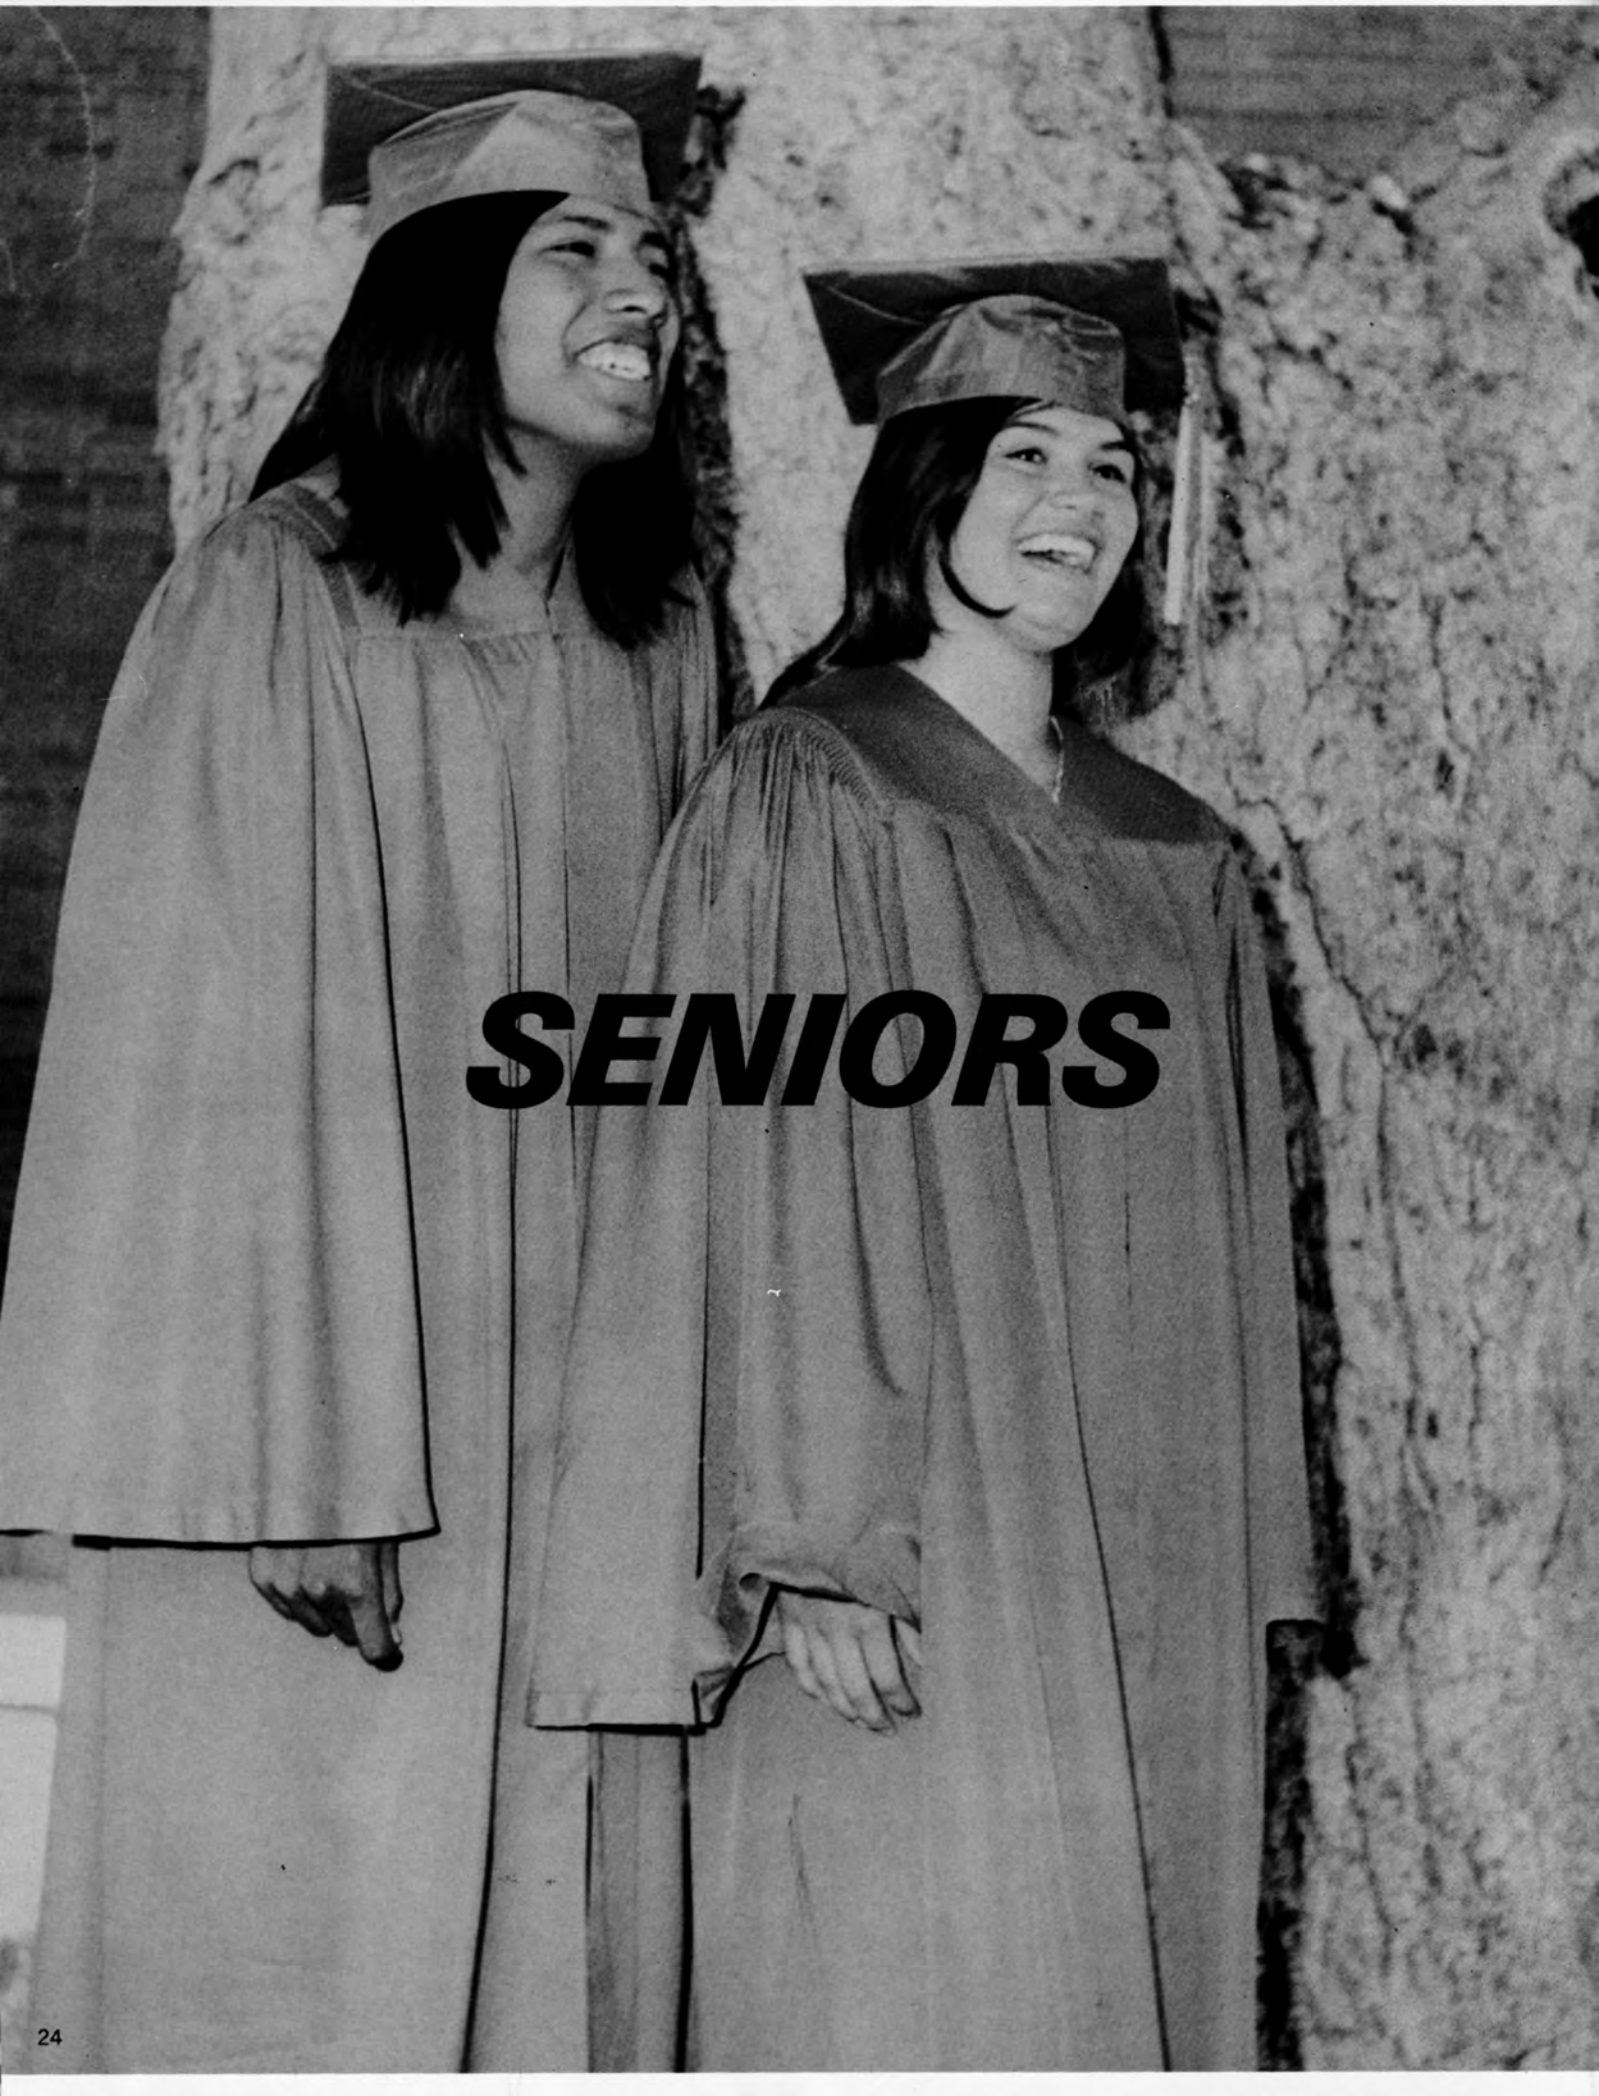

in the Nevada Day Parade

ANOTHER thing which added much to the Stewart Band during the Nevada parade was the majorettes and flag carriers and Pom Pon girls who marched in their colorful costumes of red and white.

MAURICE HARRIS, home economics teacher, created and sewed most of these extra costumes herself during her spare time from teaching.

ALL in all, the Stewart Band was great in 1974-75.

A black and white photograph of two young women, likely graduates, standing side-by-side. They are both wearing dark academic caps and light-colored, long-sleeved gowns. The woman on the left is looking slightly upwards and to the right, smiling. The woman on the right is looking towards the camera, smiling broadly. The background is a textured, light-colored wall. The word "SENIORS" is printed in large, bold, italicized capital letters across the center of the image.

STUDENT LIFE

Students helped haul luggage from the dorms to the big buses which took them home for Christmas and returned Jan. 9.

Going Home for Christmas Marks the End of the

STUDENT LIFE was coming to Stewart on a chartered bus, being assigned a room with roommates, getting acquainted, and participating in school activities. It was going on field trips, seeing National School Assemblies, learning how to skate in the old gymnasium, and dressing up for the Junior-Senior Prom.

First Semester, the Beginning of the Second

STUDENT LIFE was listening to your favorite records by yourself or with friends, visiting Carson City's state museums, and patting the campus dog, Otis, when he too, arrived at assemblies. (Otis was run over and killed shortly before Christmas.) Student life was all those things young men and women do to have fun and learn about life, and not the least of these was going home for Christmas.

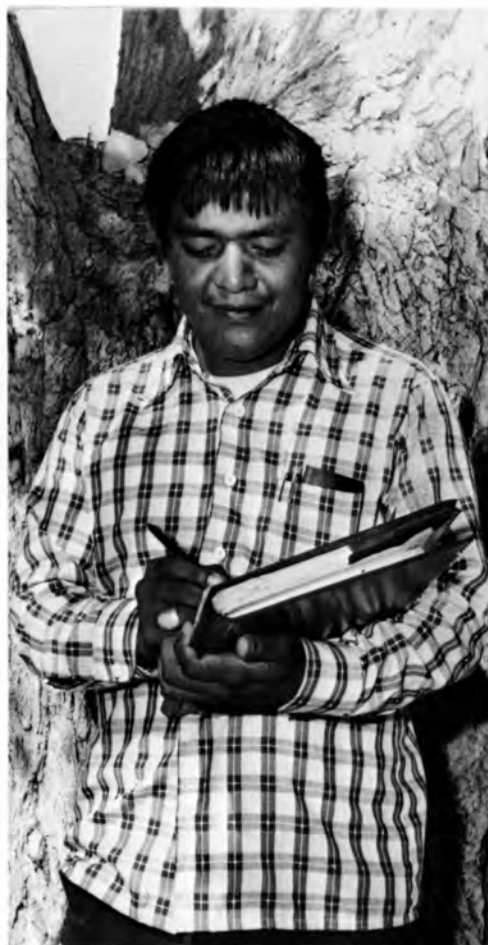

PARENT'S ADVISORY COMMITTEE planned with Title I. They visited the school, the dorms, and met with student committees to determine the needs for Title I assistance.

"Meester" President of the Student Body,

Nick was active in Police Cadets; in Student Council, and also the School Band.

STUDENT COUNCIL is made up of representatives from all the dormitories, plus classes, plus clubs. They meet on Sunday afternoons and have open meetings in assembly once a month. This year Stewart hosted the fall State Student Council Convention of Northern Nevada. Al Tyler is head sponsor for Student Council.

Nick Jose, Got around to Everything

STUDENT COUNCIL conferred with the Phoenix Area Board of Education early in the year to make plans for needed improvements at Stewart. Skates were provided as an added activity.

SENIOR CLASS MEMBERS, with the help of their sponsors, prepared and served a buffet supper of native American food in the old gymnasium to fellow classmates just before everybody went home for Christmas.

At the Indian Festival held each spring, girls compete for the title of Miss Stewart Indian Festival and wear their tribal costumes in the parade and in the dances that follow. Betty Duryea reigned over the festival in 1974. It is usually held in April and adult Indians bring their arts and crafts to sell and exchange.

An Indian Festival is Held each Spring

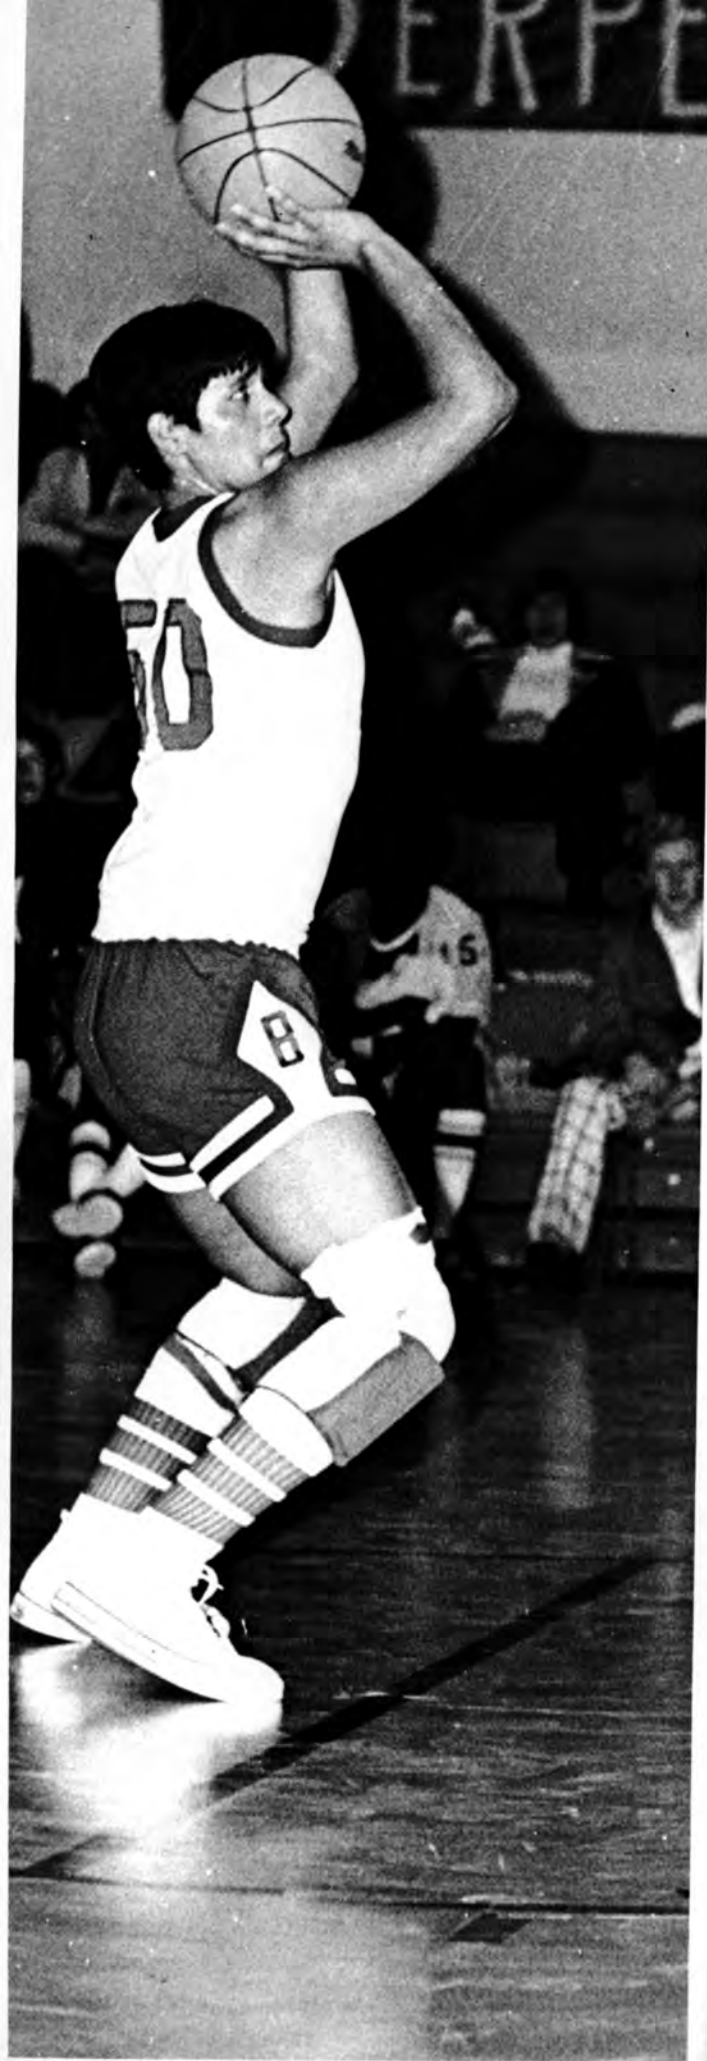

Mrs. Carol Robertson, a substitute English teacher for a few weeks, spent her free periods teaching students to sing Christmas carols. They performed during the music assembly just before Christmas. Left to right: Patsy Ramon, Barbara Ramon, Mrs. Robertson, director; Tammy Henery, Judy Antone and Jerri Patrick.

SPORTS

Stewart Indian School is a full member of the Nevada Interscholastic Activities Association which is a member of the National Federation of high schools.

Stewart is a charter member and one of the oldest schools in the state of Nevada.

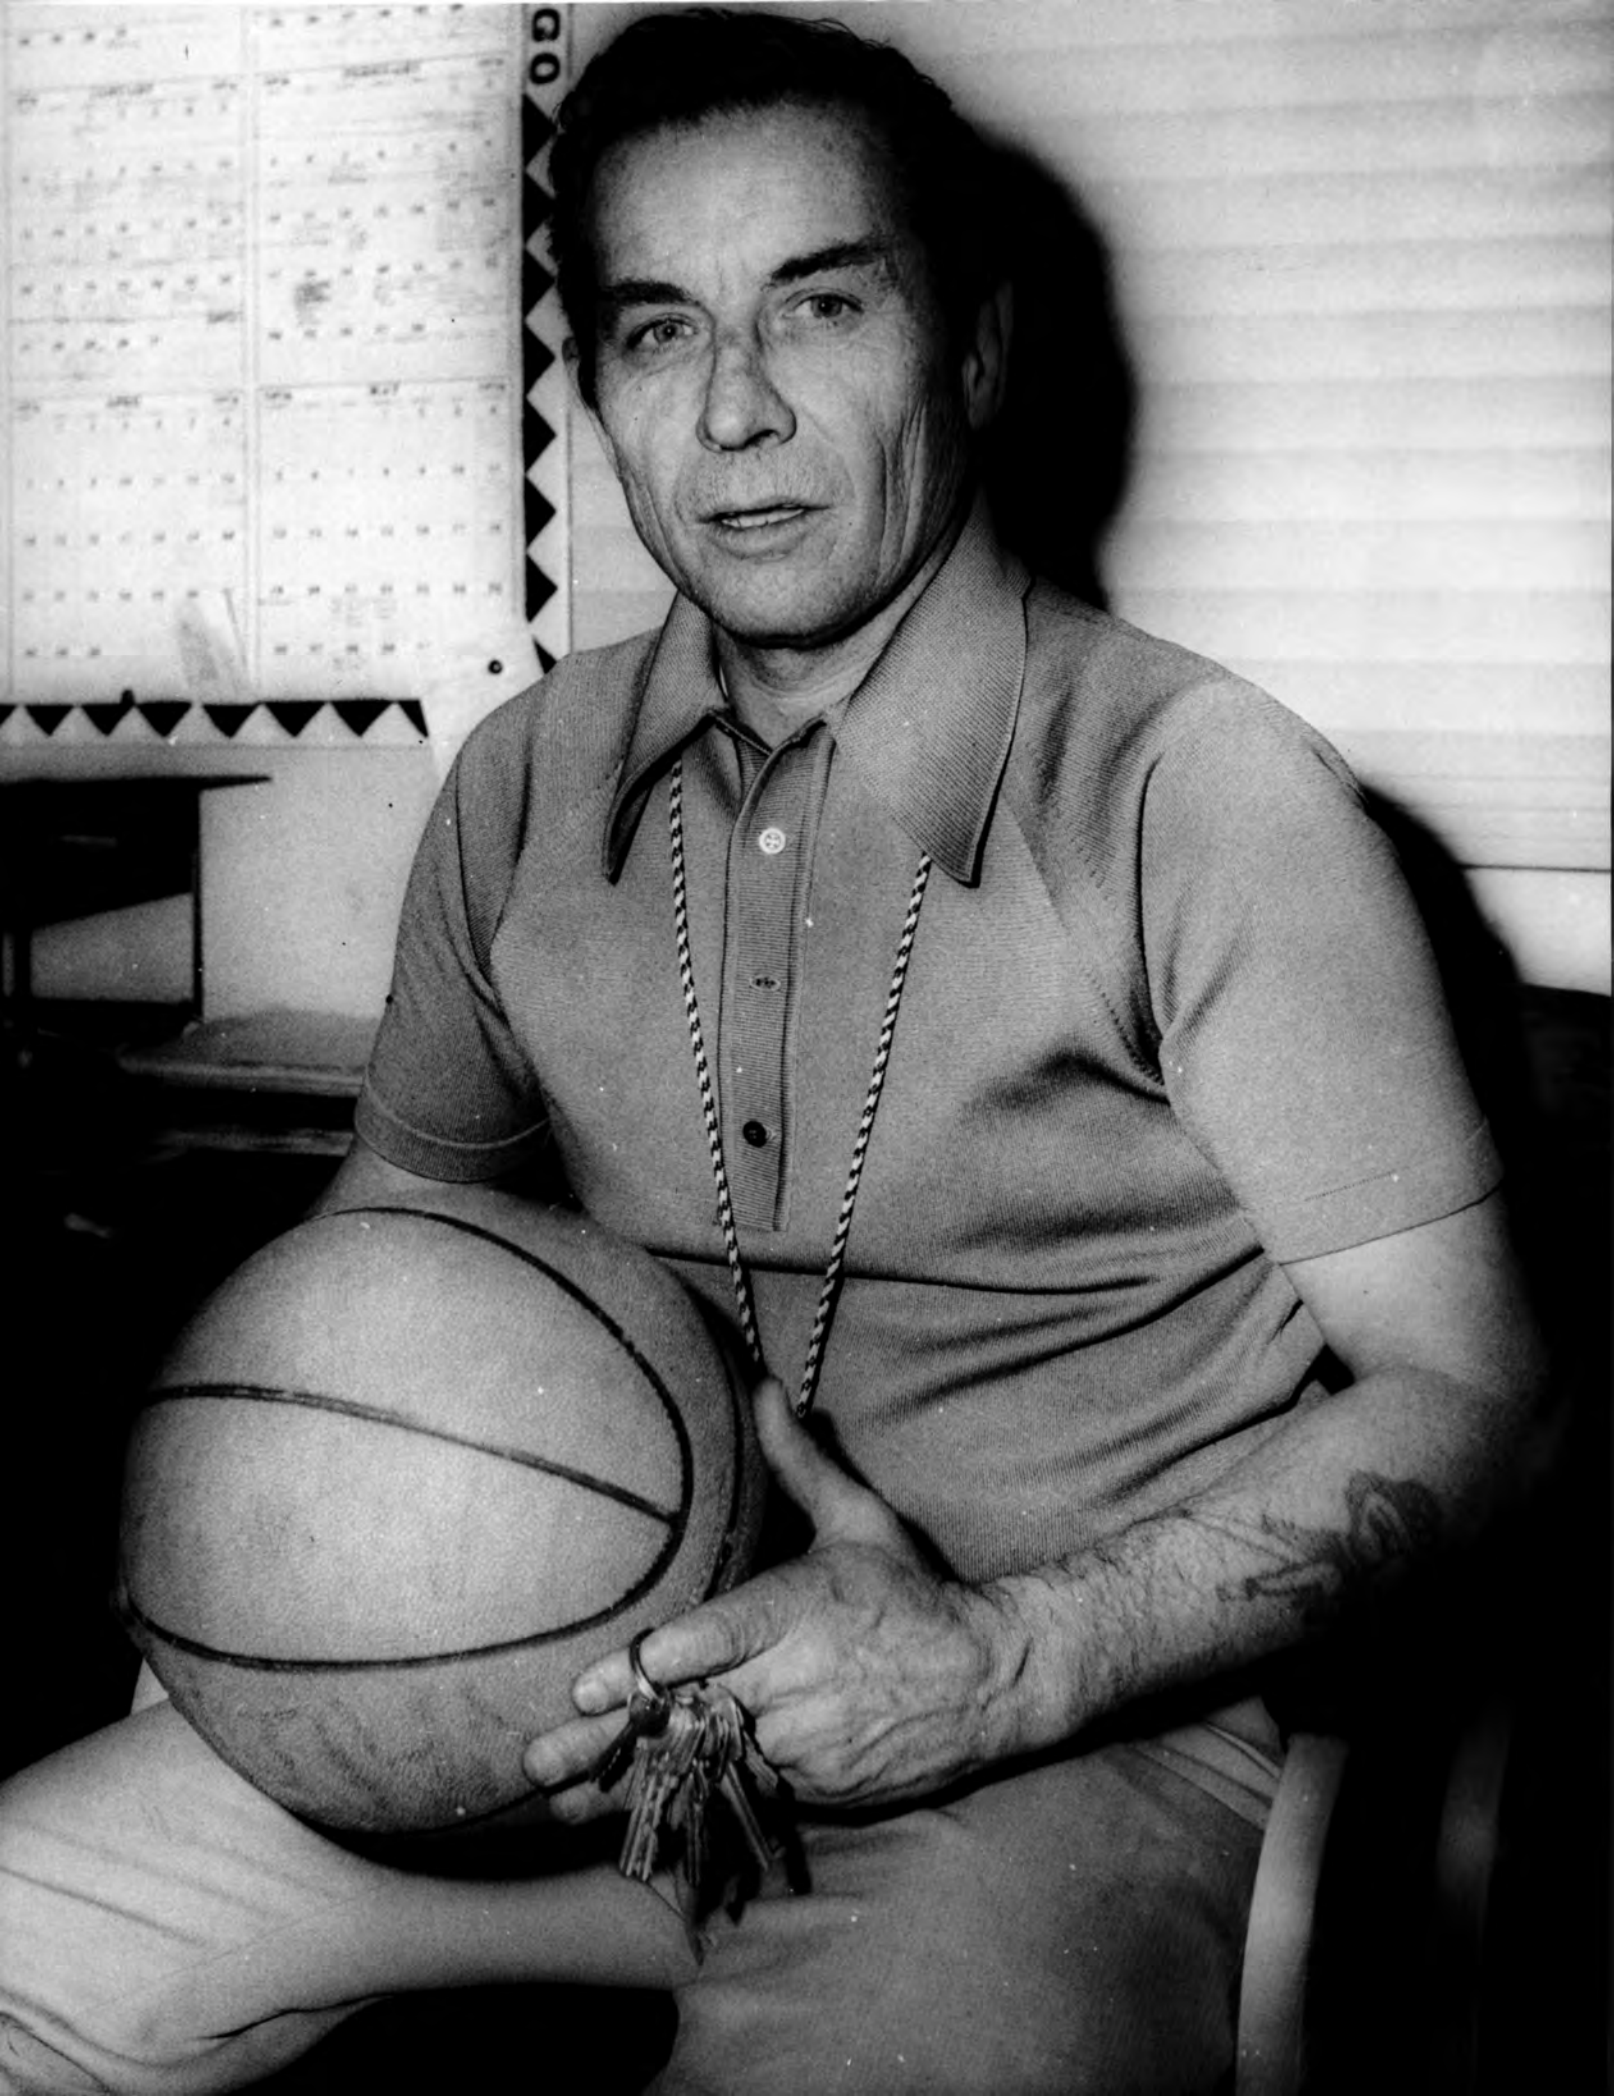

Our sports program is based on the rules and regulations set forth by these governing bodies.

Sports at Stewart are an integral part of the school curriculum. The purpose is to serve the student with the objectives of instilling punctuality, perseverance, competitiveness, sacrifice, sportsmanship and a sense of fair play.

Fall sports consist of football and cross-country running. Winter sports are boxing and basketball; and in the spring, those who are interested can play baseball and enter into track and field competition.

Students moved into a new gymnasium in the fall of 1973 which has a permanent boxing ring and numerous classrooms for physical education.

We, the Varsity Cheerleaders, have felt victory with the Braves and suffered defeat with their losses as well. We have worked, cried, and had fun together. Competition was not just for the Braves. It also pressured us. We will all be gone in the coming years as we are all graduating seniors, but Stewart will always be with us. We will be back with our memory when others have taken our place. As the season of 74-75 has come and gone, the spirit must strive on. GO BRAVES!

DAMON CLARK-Catcher

Baseball was Great in 1974; Girls

BASEBALL had a good year in 1974 and only two seniors graduated, so 1975 should be a good year for baseball also. Joe Abbie was the coach in 1974, but due to a ruling by the equal opportunity commission, he was ineligible to coach in 1975. The Braves won 8 games and lost 10 under his coaching in 1974.

DAMON CLARK was named all-conference catcher and Avery Brenner was named Player of the Year.

VOLLEYBALL has been a part of physical education for girls for years. This year, the Varsity and Junior Varsity teams competed against other schools.

The Varsity Defense Improved Greatly;

Stewart's Varsity football team worked hard and they finally scored twice in the last game they played on Nov. 1, which was also homecoming.

No. 91, James Reed, was named top defensive end in the state for 1974 and he stands a good chance of becoming a college prospect.

Harry Lippy and Robey Willis coached the Varsity this year.

Freshmen Won Four and Lost Two

UNDER the coaching of Ed Mike and Loren Joseph, the Freshmen and Junior Varsity football teams showed some promising performances. The freshmen won four games

out of six. The JV's weren't as successful, losing all their games, although they scored every game and were just a few point away from victory many times.

Stewart Hosted the Regional Golden Gloves

Stewart boxing team remains undefeated this year at presstime. In six years, the team has amassed a 40-2-3 record in dual meets. In April of 1974, Lionel Harney and Ira Ortega won the Pacific AAU Regionals in San Francisco, and then went to the National AAU Tourney in Knoxville, Tenn. the following June where they did a fine job. They also represented the U.S.A. against some Russian boxers at Lake Tahoe in Jan. 1975.

James Burrell is undefeated this season at 106 lbs, and five out of six boxers from Stewart were on the Nevada All-Star team which won their bouts against the California All-Stars.

Stewart won the 1974 Sierra Nevada Golden Gloves and had champions in both the Golden Gloves Regionals in Las Vegas and was part of the Nevada team that set a record for the number of champions at the Pacific AAU Regionals in San Francisco.

Sixty boys tried to make the boxing team in 1974-75. Thirty made it. Stewart will host the National Indian Boxing Tourney and the 1976 West Regional Olympic Trails.

Among Stewart's victims in 1975 was the Chemawa Indian school from Salem, Ore. who went down to defeat but not until after they tried gallantly.

Robey Willis is head boxing coach at SIS.

Time brings changes and frequently they are sad or tragic.

MARY WARREN, upper left, retired in June of 1974 after serving faithfully first as an English teacher, acting teacher-supervisor, and finally as the school librarian for a number of years. ELSIE COLVIN, lower left, also retired at the same time. Mrs. Colvin had been a Home Economics teacher and then head senior sponsor and Human Relations teacher for a number of years.

In March of 1974, RAY

BRANDENBURG, left was killed in an automobile accident. Mr. Brandenburg had been the school social worker and volunteer helper in all sports activities since 1970.

A few weeks later, EVA JOHNSON, student, died in April of 1974, and then JOHNNY CONETAH, right, also died Dec. 18, 1974 from complications following a tonsilectomy. To these people, living and dead, who left their mark on the Stewart Indian school campus, this yearbook is dedicated.

4-H CLUB

Several sponsors get together each year at Stewart and allow students to participate in 4-H clubs of their choice. Weaving God's Eyes, raising fat steers, crocheting, quilt making, and outdoor, or Oriental cooking, are just a few of the projects. Rosalee Goodwin is co-ordinator of these clubs. Above, left, Julian Angelo weaves a God's Eye while several students pose beside their fat steers at the annual judging.

Herman Skidmore reads one of the many pamphlets during the study of human sexuality.

Social Studies are Required of All

Candace Varela admires photographs in the Indian History class taught by Rudy Lovejoy.

Human Relations is a required course for all seniors. Marilyn Myron liked the textbook.

STEWART INDIAN SCHOOL took on a brighter look with the new and modern equipment provided by Title I monies. Floors were carpeted and a new individualized learning center with Ronald Link as teacher was equipped upstairs.

Title I or 'Project Learn' Provides for

The Math laboratory got a new teacher, Douglas Colbert and aids, to help students learn basic skills in arithmetic and how to operate such sophisticated learning equipment as the tutor computer.

This was in addition to the learning center already in operation downstairs with Carol Smith as teacher. Each teacher had one or more aids to help students learn to operate the audio-visual machines to hear records, see film loops, etc.

Individualized Learning of Basic Skills

Shirley Moyle and Dorothy Jackson, former missionary to New Guinea, were the teachers in the reading center this year with aide Ruth Doan. Visitors every Friday helped spark the enthusiasm for reading. These included karate experts among others.

"The Challenge of 1975" to the graduates of Stewart Indian School is a very real one.

During the last session of Congress, (the 93rd) a Public Law was passed which is called the "Indian Self-Determination and Educational Assistance Act."

This law allows, and indeed encourages tribal groups to operate programs presently conducted by the Bureau of Indian Affairs. Therefore, the need for well-educated and qualified Indian people is most urgent.

I would encourage you to continue your education so that you may be of the greatest help in this effort, at the same time, realizing the personal satisfaction of being a contributing member to your own Indian society.-- William C. Whipple
