Arrival of Students Starts

The buses rolled in from the reservations Aug. 23, 1977. For the returnees from last year, it was to see old friends and remember things from the past.

For new students, it was seeing the school for the first time, meeting new friends, and being on their own. Every one was tired and sleepy from their long ride.

New Year of Learning

With the help of Dorothy Harman and Bill Oliver and their staffs, everyone was assigned to his or her new home away from home; and the next day, school began in earnest.

"J" Class Begins Recording Events in

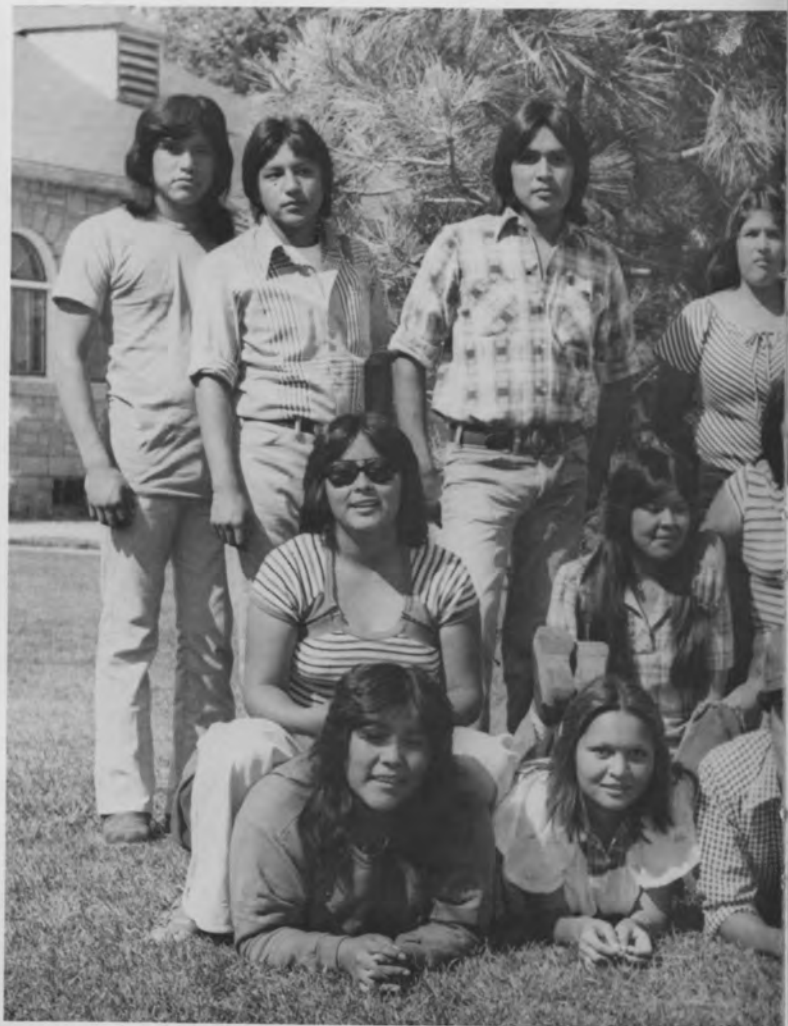

From the first day of enrollment, students in the Publications class began interviewing, writing news, and snapping photographs to be used in the school newspaper and yearbook.

They had to actually write copy before they had had an opportunity to really be instructed about journalistic writing.

Three students, Berta Mack, Debbie Siquieros, and Debra Smith attended a yearbook workshop sponsored by Herff Jones Yearbooks Company. It was held at Winnemucca, Nevada.

National Indian Day Preserves

National Indian Day is celebrated the third Friday in September each year at Stewart. The program is held in the school gymnasium.

This year, the program was combined with a pep rally and Indian dancing; Wovoka dancers from Schurz were guests of honor. The Apache clue also danced.

True Tribal Heritage

Pride of Heritage is Reflected

Stewart's Indian Festival is held every spring of the school year. During this event, many Indians take part in social dancing, hand games and singing.

Yannigan Week is Fun

Young men who earn Varsity letters and are willing to join the Lettermen's club are called Yannigans while they are being initiated. Ceremonies last for one week; then the athletes race to the Carson River where they are ducked and fed a delicious meal before becoming LETTERMEN.

of Baseball and Girls' Softball

The girls' softball team, coached by Bernard Leclair, ended the regularly scheduled season with a 9-2-1 record. The opening two losses were to AAA Carson City, and the tie came when AAA Wooster edged across a run in the last inning of the game.

The games were victorious with two wins over AAA Hug by 14-6 and 17-7. It should be noted the last three games were played on May 2, 3, and 4, and the win over Hug came May 4. This was 21 innings of softball in three days!

The team had a balance of good hitting, good fielding and lack of mental errors. There were over 40 stolen bases, and most important was the superb pitching of Judy James. Judy ended the season with at least 50 strike outs.

Pearl Dowahoya did an excellent job as team manager and official scorekeeper

for Sixth Straight Year

The Cross Country teams at Stewart took the state championship for the sixth straight year. The team consisted of veteran members who took great pride in representing their school and their respective tribes. The teams were coached by Ken Cavin and Gerald Klein.

For the first time, Stewart hosted the National Indian Athletic Association (NIAI) footrace. Stewart's Stanford Mattuck placed second in the 18 and over age group. The races attracted runners from all over the USA.

Homecoming was a Colorful,

Four lively girls, plus their escorts, brightened our homecoming half time performance. The Freshman class candidate was Vickey Enos, escorted by Duane Allison.

Sophomore's prize was Betsy Whatoname with her escort Delbert Nunez. The Juniors' choice was Jackie Giff, escorted by Mike Pablo. The Senior's candidate was Jerri Navasie, escorted by Vernon Antone. She was queen.

Exciting, and Spirited Day

Stewart's mascot was Curtis Martinez. He was a Brave who helped out by cheering with the cheerleaders and pep club.

The night before homecoming, Varsity cheerleaders baked a football shaped cake and presented it to the team during the bonfire.

VARSDITY FOOTBALL

Varsity football had a lot of enthusiasm this year, but won no games. Thirty-four young men came out for practice every day, and the Stewart student body was very proud of their team.

Offense included D. Quimayousie, F. Walema, D. Flores, A. Davis, S. Lopez, R. Lewis, J. Gonzales, D. Kill, L. Tashquith, V. Francisco, S. Valenzuela and T. Briones. Defense included R. Bigbear, T. Stewart's wrestlers improved immensely during the season with several outstanding individual efforts.

Wrestlers placing in tournaments included Pilar Lorretto, who placed first in the Reno Novice match and fourth in Junior Varsity state competition. Leroy Andrews placed second at Lowry and third in the Reno Novice match. Charles Abbott placed in Reno Novice and Troy Whitman third in Reno Novice. Fifteen wrestlers finished the season with fourteen returning next year (The other two wrestler's photos and names were unavailable).

Clubs and organizations were a vital part of school life at Stewart. Each club had a sponsor or sponsors, officers were elected by the members, and each club raised money for its special activities. Future Nurses worked several hours each week either at the school clinic or at the Carson-Tahoe Hospital in Carson City

FUTURE NURSES: Margaret Jackson, Monica Antone, Jane Joaquin, Annette Lopez, and sponsor Rose Mary Wood.

Awards Banquet—Time of Pride,

The Awards Banquet is one of the most emotional get togethers we have every year. Trophies and letters are given to the outstanding athletes.

Each outstanding athlete receives an award for his or her achievement and efforts throughout the year. In addition, coaches and players have an opportunity to speak to guests at the banquet.

Honors, and Mixed Emotions

Staff and faculty also receive awards such as Russ Skidmore who dedicated many years to Stewart in taking photographs of our athletes. Connie Blackwater won the Nellie Harner Award for being outstanding in three sports.

All those who joined in a sport during the year are invited to attend the Sports Award Banquet. It is always a memorable experience. Johnny Gonzales, top left, won the Walter Johnson Award for being outstanding boy in three sports.

Building #6 is for Upper Classes;

Upper classes live in Building # 6, the beautiful remodeled dorm which was re-opened two years ago after having been closed many years. Building #6 has six ladies employed there. They are Mrs. Sue Ryser, Mrs. Delores Ellis, Mrs. Myra Hicks, Mrs. Viola Ridley, and Ms. Evelyn Hinton. Mrs. Stella Cushman is the night attendant.

These ladies are like second mothers to the girls in their home away from home life-style. Ms. Audrey Waterson rotates as night attendant in the different girls' dorms.

Building #13 is for Freshmen

When Freshman girls arrive at Stewart, they're assigned to Building #13 as their new home. There the girls are taught the basics of living with other girls, how to clean their house thoroughly, and how to exist on their own initiative. The employees who help the girls along include Mrs. Rose Williams, Mrs. Ruth Crawford, and Mrs. Marilyn Kane.

What the girls learn in Building #13 will help them when they are moved to the other dorms in the future during the years they attend Stewart.

Building #12 is for Sophomores;

In Building #12, Sophomores are housed. Mrs. Beulah Fisher is the supervisor at this dorm. Employees under her supervision include Mrs. Bernice Gorham, Mrs. Janice Leyva, Mrs. Alberta Bowen and Mrs. Louise Puggie is the night attendant.

There are two student aids who are Juniors. They remain in the office to help the employees get organized. House meetings are held every two weeks so the girls can express their problems to the staff. Food sales are also held in order for the dorms to raise money for special projects such as field trips. The girls also get involved in 4-H projects with the dorm staff as their leaders.

Building #16 for Honor Students

Girls who maintain a high degree of citizenship live in the Honor Dorm known as Building #16. The building was remodeled this fall after having been closed for one year for repairs.

Nineteen girls are now living in Building #16. It has a capacity for 21. Mrs. Connie Youvella is the head Instructional Aide in this building. She is assisted by Andrea Lopez who is known as the "House Manager." Andrea is a senior who functions as an Aide. It is an honor for a student to have this much responsibility.

Freshmen Live in East Wing at Nunez;

The guys who live in Nunez Lodge are separated into separate wings. Freshman guys call East Wing their home, while Sophomores and Junior dudes live in West Wing.

The staff who help keep Nunez under control are Wayne Garner, Supervisory Instructional Technician, Joe Abbie, Merle Montoya, Leroy Kizer, John Atencio, Chuck Williams and Pearl Sammaripa.

The night attendants are Harold Johnson and Emerson, (Chili) Walema.

Sophomores and Juniors in West Wing

The Student Aides in Nunez Lodge raised enough money to go to San Francisco to watch the Detroit Lions play the San Francisco 49ers in an exciting game of football.

Pearl Sammaripa always has an exciting 4-H club for the boys she assists with buttons, patches, good manners, and how to keep well groomed.

To raise money, the guys have food sales.

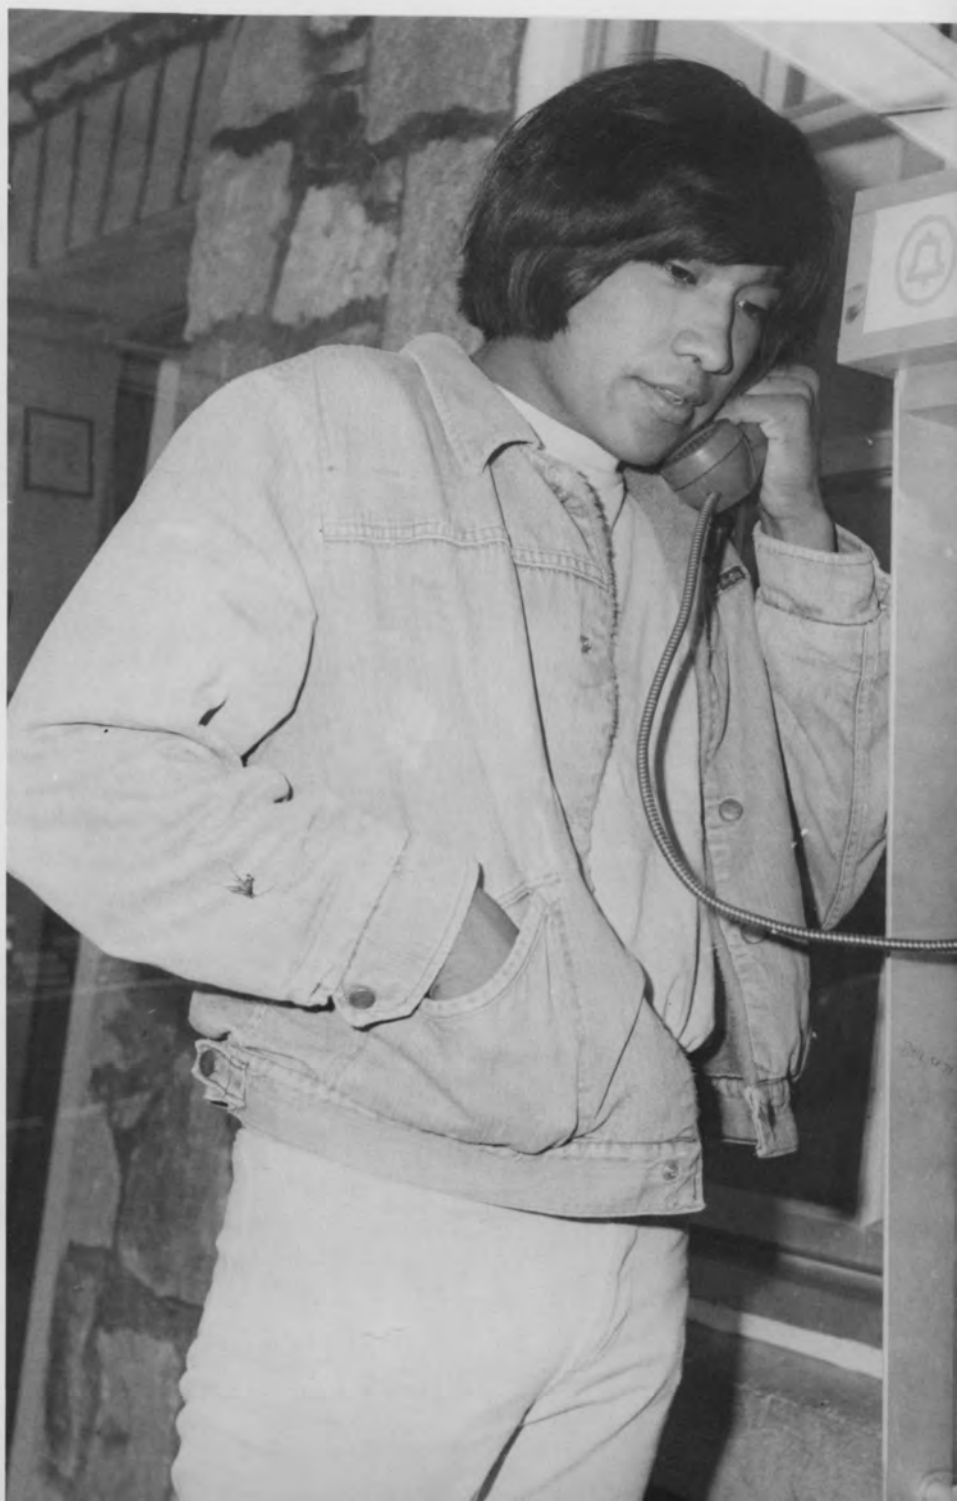

Cottage Area Dorm Life

The cottage area for young men at Stewart consists of four buildings. Two are honor dorms; one is a semi-honor dorm, and the fourth is a senior dorm.

More than 80 students live in the cottage area, with grades ranging from sophomores to seniors. These young men have a few more privileges than the students living in the underslassmen's dormitory.

Had its Ups and Downs

Emmett James is the Supervisory Educational Technician in the cottage area. He is assisted by Calvin Bertram and Roy Youvella. Raymond Yazzie and Thomas Morris are night attendants in this area. Bernadine James is the woman educational aid who helps with buttons, washing and ironing, properly, etc.

Math Skills and Science Experiments

Two years of math and one year of science are required to graduate from Stewart Indian School. Ralph Hart and Pat Dekoekkoek are the math teachers and Irene Kurihara and Douglas Colbert are the science teachers.

Hart is the author of a series of booklets known as the 20 Basic Math Skills. These are taught in the first year of math. Mrs. Dekoekkoek teaches algebra and advanced math.

Miss Kurihara teaches biology or life science and Colbert teaches general science which includes some physical science.

Prepare Young Adults to Grasp Fundamentals

The science room was moved back to its old location this year by Mr. Colbert after a building was provided for the art teacher who had used the science room for art classes for one year.

From time to time, buildings get condemned at Stewart because they were built before the new standards for earthquakes were put in force. It is for this reason that classes move from one location to another, as a temporary measure until a new permanent room can be provided.

Four Years of Language Arts

Mrs. Waldine Tyler teaches freshman English. She was assisted the first semester by Mrs. Brenda Leaper, substitute teacher, and the second semester by Eleanor Key, a new English teacher.

Freshmen get a lot of fundamental skills including reading, listening, writing, spelling and talking.

Mrs. Eddie Rucker, extreme left, is the sophomore English teacher. This year, her students were introduced to the Reading Tactics series of books, and they learned about composition and creative writing. Students kept a daily journal of their feelings and jotted happenings in a notebook.

Are Required of All Students

In addition to skills developed in the reading tactics series, American literature was emphasized in junior English taught by Ms. Ruby Shannon and others. Students read plays in class and from movies about their culture, they wrote themes and poems. The best were published in WARPATh at Christmas time.

Senior English, taught by Bernard LeClair emphasized skills in composition and vocabulary building. The classes also studied the American Novel and the short story as a literary form.

In addition, they learned about mythology, poetry, folklore, literature of the American Indian, and improved their spelling.

Trades-Vocational Department Helps Students

The Trades-Vocational Department got a new department head this year. His name is Loren Joseph, and he was promoted from his position as metal shop teacher.

The Vocational Department enabled students to become interested and self-conscious of their work areas while they planned their careers.

The Department consists of carpentry, painting, drafting, heavy equipment, and agriculture. Juniors and seniors worked one-half day periods at the school ranch in Jacks Valley, caring for the herd of cattle, plus doing irrigation and feeding chores.

Plan their Future Career Goals

The business teachers of typing, bookkeeping, and shorthand were recently added to the vocational department. Students learned the basic skills of how to measure a board, begin a blue print, weld a pipe, or repair their heavy equipment. Gerry Emm, agriculture teacher, was especially interested in rodeos, and he sponsored a rodeo club and also planned and sponsored a rodeo on Indian Festival day. Employees in Trades Vocational included Director Loren Joseph, Roger Sam, Morris Agnew, Gerry Emm, Gerald Klein, Ranger Ellis, Lloyd Honyumptewa, Betty Albrecht, Mary Gentry, and Leonard Allen.

The Home Economics Department's purpose is to teach girls how to sew, care for children, cook, and plan for their families. For several years, Maurice Harris and Rosalee Goodwin have sponsored the Miss Carson City contestants at Stewart. This year, three entered in the pageant.

Three Years of Social Studies

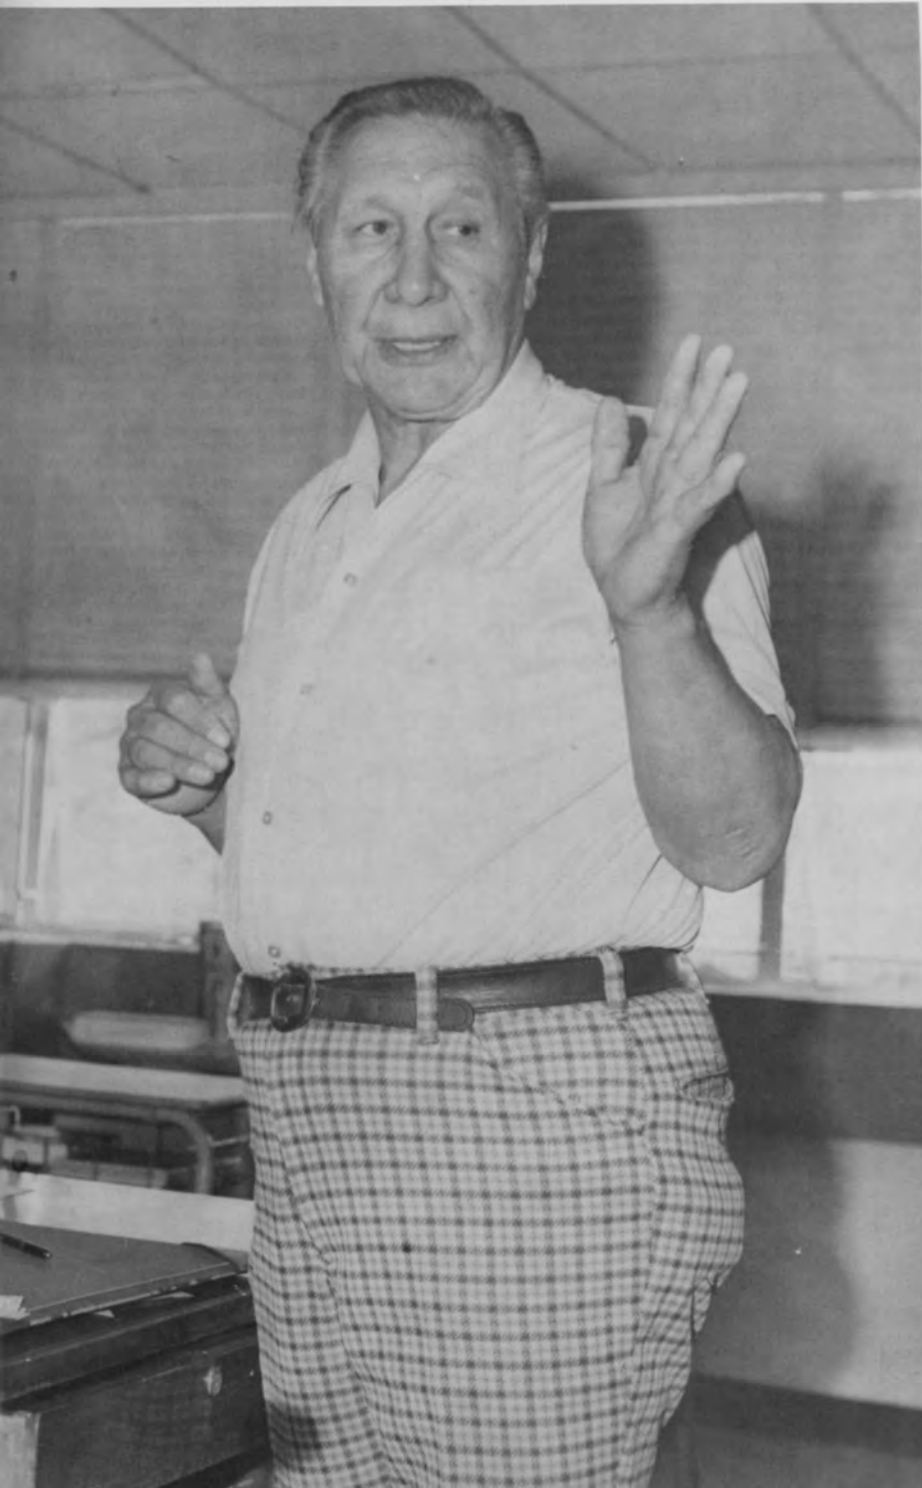

Human Relations is a social studies class that is required of all students during their senior year. They study first aid, personality (where they learn why their emotions and feelings are the way they are), family life, sex education, and consumer education. Because seniors are involved in this class, they conduct most of their class business here. This class is taught by Lorri Lippy as well as geography, which is a freshman elective course. Every student at Stewart goes through the social studies department before he or she can graduate.

Prepare Students to Meet the World

Robey Willis, (extreme right photo) teaches United States history, and this course is required of all juniors. Willis takes an interest in his work and makes the students enjoy their class by injecting current events daily. They have a lot of tests, and sometimes even watch baseball games, but the class is fun.

Rudy Lovejoy (focal photo) teaches U.S. government, and this course is required for all seniors. In addition, Lovejoy teaches Indian history as an elective course for anybody who wants to take it.

Title I Keeps Other Classrooms

The Title I program has been at Stewart Indian School for many years. It is also known as the ESEA (ELEMENTARY-SECONDARY EDUCATION ACT) program. Funds provided through ESEA are used to supplement the regular school program by providing remedial reading, remedial math, and remedial English to those students who qualify.

This makes it possible to reduce the pupil-teacher ratio by getting more classroom teachers and educational aides (teacher assistants) to work with students.

from Being Overcrowded at Stewart

The Title I program this year is composed of two reading teachers—Isabelle Yellowhair and Kraig Felt; two individualized teachers—Carol Smith and Courtney Cowley; and two math teachers—Harry Wright and Judy Miller

In addition, there are positions open for four teaching assistants, but only two have been filled. They are Rose Kizer in the reading center and Gwen Morsette in the math center. Ninety students are in the reading center; 190 are in the math center; and 60 are in the individualized center

SENIORS

We shall learn all these devices the White Man has,
We shall handle his tools for ourselves.
We shall master his machinery, his inventions.
his skills, his medicine,
his planning;
But we'll retain our beauty
And still be Indian—David Martin Nez.

Ag Classes Learned to Dehorn, Earmark,

Agriculture classes of Gerry Emm and Roger Sam started out early in the morning rounding up the calves and getting things set up for the cattle branding. Both boys and girls participated in this event.

The calves went through the chute where they were vaccinated. After the first went into the squeezer, another followed. Then the animal was turned on its side and someone would be ready to brand, earmark, castrate and dehorn in one operation.

Castrate, Vaccinate, and Brand Calves

Working cattle was a new experience for many in the classes. It was also a new experience for Principal Mahlon Marshall (sitting on the fence) At the time this photograph was made, Marshall had just arrived at Stewart Indian School.

And when it was all over, the hardy ones who had saved the calf fries, celebrated with a cookout. It was an experience to remember for both people and the cattle herd.

PHYSICAL EDUCATION DEPARTMENT- Ben Lawver, Athletic Director Bud Hurin, Chili Walema (kneeling) and Ed Mike. Rhonda Fisher and Yvonne Hale are not in the photograph. Another member of the athletic team, Harry Lippy, was transferred to the Pupil Personnel Department as its director this year.

Girls Share Stewart's Gymnasium

WEDDING PARTY- Minister Gabe Choyguha, Maid of Honor Pam Lewis, Bride Valerie George, Groom Danny Flores, Best Man Johnny Gonzales and Father of the Bride Alvin Lewis.

Whether it Was a Wedding or Drama

"Do you take this woman, etc." was a class project for Human Relations Classes during their unit on Human Sexuality. The marriages were almost like the real thing.

THEATRE ARTS CLUB- Ernesto Garcia, Kenneth Kisto, Berta Mack, Vanessa Leon, Darlene Smith and Debra Johnson. This second semester organization was sponsored by Bernard LeClair.

Kids Liked to Act the Fool!

Dorm life had its ups and downs, but with stuffed animals and decks and decks of playing cards, how could it ever be boring?

It was with PRIDE this yearbook was begun pride in the Publications Class, the Faculty, Pupil Personnel Staff, the Dorm Staff, Plant Management Staff, and the Food Services Staff, and Health Services Staff. Everyone seemed to have particular pride in every one of the students.

Thank you for your cooperation in posing for pictures and in writing copy for your particular section when you were asked.

To the Yearbook Editor and other members of the staff who failed to finish your job, I want you to know the Adviser's pride had a fall. Ruby W Shannon, DESERT BRAVES ADVISER 1971-1978.
